

Customized Immobilizing System (Pelican case version)

JMC-2000-PL Series

JMC-2000-PL series is high RF power customized jammer in pelican case. Developed according to special customers' request, the output power of each band could be up to 40W, and effective blocking range can reach hundreds of meters. It is built in pelican case, easy to carry, camouflaged, and raining-proofed.

Customize specifications

- * Range: 50~100 meter distance
- * PLL SYNTHESIZES
- * Frequency & Output power: (depend on the requested)
 - 851/869 ~ 894 MHz: EIRP 8W ~ 40W
 - 925/936 ~ 965 MHz EIRP 8W ~ 40W
 - 1800 ~ 1990 MHz EIRP 8W ~ 40W
 - 2110 ~ 2170 MHz EIRP 8W ~ 40W
 - 20~100 MHz EIRP 20W ~ 60W
 - 100 ~ 500 MHz EIRP 20W ~ 60W
- * Built in Panel Antenna or Omni antenna
- * Good design for heating ventilation
- * Special design rigid of inner aluminum housing
- * Lithium battery can support 1 ~ 2 hours operating
- * Dimension: Depend on the request
- * Weight: 15 ~ 45Kgs (System + Battery)
- * Power adaptor Input Voltage: AC100V ~ 250V, 50Hz ~ 60Hz
- * One year warranty
